## President's Spotlight

It is with great pleasure that I announce that we have, once again, expanded the Day Air family!

In January of 2016, we acquired Countywide Credit Union, bringing roughly 1,700 new members to the family and giving us a new branch location in Beavercreek. On May 1 of this year, we acquired Triangle Credit Union.

As a result of this merger, Day Air's position as one of the largest and the fastest-growing credit unions in the Dayton area is solidified with an increase in total assets to over \$370 million and a total member increase to over 41,000. This merger also provides a new Warren County branch in Lebanon.

Our mission is to enhance the financial well-being of our members. The way we see it, the more members we get the more enhancing we can do. I am proud and honored to welcome the new members from Triangle Credit Union. If you are from Triangle, you now have access to:
